

Dear [Training and Placement Officer],

Thank you for inviting your students to the AICTE Career Portal. Your efforts are vital to helping them access this transformative career platform.

However, we've noticed that many students have yet to sign up and create their profiles. Without this step, they are missing out on valuable opportunities and resources tailored for their success.

Why This Matters:

- 21,000+ jobs from top companies like Google, KPMG, Amazon, EY, and Deloitte, with new roles added weekly.
- A smart Resume Builder to help them stand out.
- Access to exclusive career resources and guidance.

How You Can Help:

1. Encourage students to register here: [AICTE Student Portal Sign-Up](#)
2. Follow up actively to ensure they complete the process.
3. Share the benefits to motivate their participation.

Your continued support is crucial to ensuring your students don't miss these incredible opportunities. Let's work together to help them succeed.
