

Dear Sir/Madam,

Greetings of the day..

We are pleased to share that the NEAT, All India Council for Technical Education (AICTE) has partnered with MyAnatomy (<https://myanatomy.ai>), a leading digital talent platform, offer Skill and Competency Assessment for students through National Internship Portal.

This collaboration underscores AICTE's commitment to fostering industry-ready talent and enhancing students' career opportunities. By leveraging MyAnatomy's cutting-edge solutions, It is aim to provide students with the platform and resources necessary to excel in today's competitive job market.

Steps to participate in assessments are as given below:

Log in to the National Internship Portal (<https://internship.aicte-india.org>)

Navigate to the Assessment Test on the left panel to take advantage of:

National Competence and Employability Test (NCET)

Campus Preparatory Assessment

Company-Specific Assessment

These assessments are designed to simulate real-world environments, helping students practice and prepare effectively for future employment opportunities.

What's in it for Student?

Detailed Score & Reports: Students can view their performance insights directly in their portal.

AI-Powered Interview Bot: Practice and enhance interview skills with real-time feedback.

Career Profiling & Resume Building: Tailor your profile and resume to match industry demands.

Placement and Internship Opportunities: Connect with top companies.

Project-Based Learning Programs: Build hands-on experience through innovative projects.

Career Counselling: Receive expert guidance to navigate career paths.

About MyAnatomy:

MyAnatomy is a cutting-edge digital talent platform that leverages AI and automation to seamlessly connect employers, job seekers, and educational institutions, revolutionizing the talent landscape.

With a skill-first approach, MyAnatomy offers comprehensive solutions such as Skill Assessment, Recruitment as a Service (RaaS), and Learning as a Service (LaaS), along with an end-to-end Recruitment Process Management System.

The platform empowers candidates by identifying skill gaps, creating personalized career roadmaps, and enhancing employability. For universities, it streamlines placement processes, improves placement ratios, and provides scientifically designed training programs, including the flagship NCET (National Competence and Employability Test).

Therefore, it is requested to encourage your students to explore the platform, take assessments, and unlock a world of opportunities.

For any other clarifications, feel free to contact us.

With Regards,

Dr. Buddha Chandrasekhar,

Chief Coordinating Officer,
