REVERENCE TO OUR FOUNDER CHAIRMAN

LATE SHRI KRISHAN LAL GUPTA

Founder, Chairman
GNIOT Group of Institutions

VISION

Be known globally for value-added education, innovation, and research at the intersection of disciplines in service of humankind.

MISSION

- Place a multidisciplinary engineering education ecosystem that transforms learners into future innovators, entrepreneurs, and professional leaders.
- Create an ambience of interdisciplinary research, innovation, and creativity to address regional and global challenges for benefit of human life and the environment.
- Provide an environment for enhancing knowledge, and inculcating critical & design thinking, life skills through quality learning systems.
- Collaborate with globally renowned academic & research institutions and corporates for improving productivity and economics.

T O N G

ABOUT US

Established in the year 2001, GNIOT Group of Institutions has become one of the leading Institutions for Engineering and Management programs in Delhi-NCR. At GNIOT, we share a strong commitment to a diverse community. It is a commitment born out of our long standing belief in the transformation power of a strong and collaborative organizational culture. It recognizes that leveraging diverse perspectives enriches learning, inspires innovation and develops strong leaders.

For us, diversity encompasses many dimensions from personal characteristics to cultural traditions, political world views, academic training, life experiences and other aspects that shape human identity. At the core, all diversity

matters. Differences affect how we think, react, solve problem and relate to others as people. Differences inform, enrich and empower human kind's collective capacity to create a better world materially, aesthetically and philosophically. We welcome the vibrant array of cultures, voices and unique perspectives that together make GNIOT a dynamic place to learn, teach and thrive.

Our faculty members, students and administrators find boundless opportunities to interact with peers from around the world and every imaginable background. They learn from each other in classrooms and seminars, through meetings, club activities, conferences and on global study trips. They forge lifelong bonds with others who share their intellectual curiosity and their desire to make a meaningful difference.

Dear Aspirants,

As we know that the nation Bharat is a very bulky ship; the largest populated country in the world; and still endeavoring hard to maintain a rapid pace of growth and aiming to become tomorrow's world leader. Growth of any country is directly proportionate to the growth of its intellect and therefore it becomes a need to establish a strong education system. The nation Bharat has observed a lot many transformations in its education system since Vedic period till Modern age, especially in 21st century. Education in 21st century puts emphasis on outcome-based education which is expected to be influenced by Industrial revolution for obvious reasons. Since the last decade, Bharat Govt. is encouraging its young minds to come forward and solve the common problems of societal needs by using smart technologies through its various schemes. To cope up with the global needs even curricular changes, especially in engineering and technology domain, has become so frequent along with other initiatives like short term training etc. We, at GNIOT, are committed to deliver excellent curricular based education and have proven the same, many times by producing university rank holders. We also have a very strong industry base to analyze the curricular gaps and to fulfill it by various training and certification programs to make our students industry ready. To ensure all-round development of our students, we run various clubs to promote co-curricular at campus and encourage them to follow their hobbies too. We are the strong believers of value based education and therefore strive to inculcate high degree of human values in our students as we are recognized center for universal human values.

Wishing you all a wonderful stay at GNIOT and a bright future ahead.

“ We, at GNIOT, are committed to deliver excellent curricular based education and have proven the same many times by producing university rank holders... ”

Dear Aspirants,

It is a fact that technical and professional education is highly influenced by industrial needs. At present we are into Industry 4.0 which can be understood as an industry revolutionized by smart technologies. It encompasses Cyber-Physical Systems, Internet of Things, Artificial Intelligence, Cloud Computing, Data Analytics along with many interdisciplinary technologies. Industry 4.0 gives rise to the exploration in various domains like Critical Thinking Problem Solving Psychology, Cognitive Science, Philosophy, Sociology, Neuron Science, Biological Systems and many more. GNIOT is well-equipped with modern labs, center of excellence, state-of-art infrastructure along with highly qualified faculty members and trainers from pan India to cater all career related needs of its students. We at GNIOT, believe in activity-based learning and provide varied exposure to our students through expert talks, industrial visits, peer training, technology-based workshops, hands-on trainings and contests like Smart India Hackathon, prototype exhibitions, technical quizzes, students convention, symposiums and student led conferences.

We wish all the best to all the aspirants and their parents.

“ We at GNIOT, believe in activity-based learning and provide varied exposure to our students through expert talks, industrial visits, peer training, technology-based workshop, hands-on trainings and more... ”

 Engineering Institute

Greetings to Dear Parents and Students!

GNIOT is a beacon of light which illuminates the unseen and the unknown recesses of your personality. Apart from academics, cultural and traditional persuasion, we are striving to groom our student's self development and self discipline through self introspection.

Education at GNIOT lays emphasis on growing individually as a technocrat and responsible citizen of this world as a whole. The institute is committed to serve our students where globalization is the mantra of the day; it is our earnest endeavor to keep our students abreast with the latest technology, so they may be able to tap the deepest core of their latent potentiality.

Our vision is to create future leaders who manage and create powerful organization in the emerging corporate landscape. Various pedagogy tools help our students develop not only a holistic business perspective, but an ability to seize opportunities in a competitive business environment.

I am confident that armed with contemporary education and strong moral values, our students will march ahead triumphantly to capture all glory and success in life.

“ Our vision is to create future leaders who manage and create powerful organization in the emerging corporate landscape... ”

Commending Academic
Excellence and Infrastructure

STATE-OF-THE-ART INFRASTRUCTURE:

GNIOT's commitment to provide a conducive learning environment is reflected in its state-of-the-art infrastructure. The campus features modern facilities, including ICT-enabled classrooms equipped with advanced teaching aids, such as LCD projectors and multimedia learning tools. These facilities not only enhance the teaching-learning process but also foster interactive and engaging academic experiences for students. Moreover, GNIOT's well-equipped laboratories meet the stringent standards set by regulatory bodies like AICTE and AKTU, enabling students to gain hands-on experience and practical skills essential for their academic and professional growth.

RESOURCE-RICH LIBRARY:

GNIOT's library serves as a treasure trove of knowledge, catering to the diverse academic needs of students and faculty members. With an extensive collection of books, journals, periodicals, and e-resources spanning various disciplines, the library provides invaluable support for research, study, and reference purposes. The institution's adoption of digitalization through an Integrated Library Management System (ILMS) ensures seamless access to e-resources and online databases, empowering students and faculty members to explore the latest research publications and scholarly works. Additionally, the library's commitment to staying abreast of technological advancements, underscores its pivotal role in facilitating academic excellence and intellectual growth within the institution.

STRATEGIC LOCATION:

Nestled in Greater Noida, a thriving industrial and educational hub, GNIOT benefits from its strategic location, which offers a myriad of opportunities for academic collaboration, industry engagement, and practical learning experiences. The institution's proximity to industrial establishments facilitates industry-academia partnerships, internships, and hands-on training programs for students, bridging the gap between theory and practice. Furthermore, Greater Noida's vibrant industrial landscape provides a conducive environment for research and innovation, enabling students and faculty members to explore emerging technologies, trends, and challenges in their respective fields. By leveraging its strategic location, GNIOT fosters synergies between academia and industry, empowering students to gain practical insights, industry exposure, and professional networking opportunities essential for their holistic development and future career prospects.

COMPREHENSIVE STUDENT WELFARE FACILITIES:

GNIOT prioritizes the holistic development and well-being of its students by providing comprehensive welfare facilities. These include a dedicated focus on communication and soft skills training, ensuring that students are equipped with the

necessary competencies to excel in their academic and professional endeavours. Additionally, the institution offers value-added courses that complement the academic curriculum, providing students with opportunities to enhance their skill sets and broaden their knowledge base. Moreover, GNIOT's emphasis on extracurricular activities fosters a vibrant campus life, encouraging students to explore their interests, talents, and passions beyond the confines of the classroom.

GREEN CAMPUS AND WASTE MANAGEMENT:

GNIOT is committed to environmental sustainability and has implemented various initiatives to promote a green campus and efficient waste management practices. The institution's eco-friendly initiatives include solar PV generation systems with net metering, rainwater harvesting structures, and measures to minimize plastic usage. Furthermore, GNIOT emphasizes waste management through responsible disposal practices and periodic waste collection drives, ensuring a clean and sustainable campus environment for all stakeholders.

PLACEMENT PROVISIONS AND SCHOLARSHIPS:

GNIOT recognizes the importance of facilitating career opportunities for its students and offers robust placement provisions to ensure their successful transition into the workforce. The institution collaborates with leading companies and organizations to facilitate campus placements and internships, providing students with valuable exposure to the industry and enabling them to kick-start their careers on a promising note. Additionally, GNIOT offers scholarships and financial assistance to deserving students, ensuring that financial constraints do not hinder their academic aspirations.

SUPPORT FOR HIGHER EDUCATION:

GNIOT is dedicated to support its students' pursuit of higher education and encourages them to pursue further studies and research opportunities. The institution provides guidance and mentorship to students seeking admission to prestigious universities and institutions for postgraduate and doctoral programs. Moreover, GNIOT facilitates research collaborations and encourages faculty members and students to engage in interdisciplinary research projects, contributing to the advancement of knowledge and innovation in their respective fields.

BEST PRACTICES AND ACADEMIC DISTINCTIVENESS:

GNIOT has implemented several best practices aimed at enhancing the overall academic experience and institutional effectiveness. These include club-oriented physical fitness and wellness activities, corporate skill development programs, and impactful social service

programs aimed at empowering the next generation. Additionally, the institution's commitment to outcome-based education, experiential learning, and research-driven initiatives sets it apart and underscores its dedication to academic excellence and holistic development.

MSME BUSINESS INCUBATION CENTRE:

GNIOT has an approved Incubation Centre under the Incubation Scheme of DC-MSME 2020 (Development Commissioner (MSME), Ministry of MSME -The Micro, Small and Medium Enterprises India). Many students & researchers have submitted their projects through our institute (Host Institute/Business Incubator) in the fields related to ICT, IT, Computer Science and Engineering, Electronics Engineering, Management, Mechanical Engineering etc. A smart bio-toilet project is already funded by IIT Delhi. Our Incubation centre is also planning to develop proposals related to Biomedical Engineering and Devices. Social activities are regularly planned and executed for five adopted villages by GNIOT Group of Institutions under Unnat Bharat Abhiyaan. The Institute also received a letter of appreciation from the Governor of the state of Uttar Pradesh to acknowledge our contributions in raising the quality levels of adopted Aanganbadi.

Universities like Gautam Buddha University (GBU) recognized our potential of handling challenges and collaborated with us in a joint submission for the Science and Engineering Research Board (SERB)'s prestigious SATHI scheme for establishing a state-of-the-art Research Facility Centre.

One of the institution's key areas of focus is its impactful social service program, which aims to empower the next generation through community engagement and outreach initiatives. Furthermore, GNIOT's commitment to providing exclusive training in communication and soft skills underscores its dedication to equipping students with essential competencies for personal and professional success. Overall, GNIOT's multifaceted approach to education, innovation, and social welfare exemplifies its status as a leading institution dedicated to shaping future leaders and contributing to societal development.

In summary, the NAAC Peer Team's visit and assessment underscored GNIOT's commitment to academic excellence, infrastructure development, student welfare, and environmental sustainability. With its strategic location, state-of-the-art facilities, comprehensive support services, and focus on holistic development, GNIOT continues to strive towards excellence and remains a beacon of higher education in the region..

INNOVATION NEXT: WYN

GNIOT took a step ahead in the year 2021 by procuring an interesting innovation driven application that will cater all access to possible open funding opportunities and solution designing alternatives to deliver a prototype. The application named as WYN contains extensions in each domain for providing ready resource information to a budding entrepreneur in order to save time spent on background survey and extraction of information about funding opportunities. The application is accessible to all interested individuals on their mobile phones as well as in a dedicated area known as Idea Incubator Zone (IIZ). This pre-functional zone was formally inaugurated on 28th February 2023 by Advisor and Scientist-G Professor S. K. Varshney from Department of Science & Technology, Government of India.

ALUMNI SPEAKS

Mr. Nilabh Sahai
Alumnus 2006 - CS
Enterprise Architect
Suncorp, New Zealand

"Well, after 16 years, I'm delighted to speak about my Institute, "GNIOT"! The best aspect is that the memories with this place of excellence still remain fresh. Being a part of the GNIOT Group of Institutions makes me very happy; it has helped me to build not only my academic abilities but also more crucial abilities like good interpersonal communication and a strong amount of self-confidence. This write-up still makes me think about the numerous case studies, discussions, and presentations that strengthened my skills. Yes, I truly miss the wonderful Campus..."

Anupam Singh
Alumnus 2006 - CSE
Sr Manager, Mphasis

"It was my mom's decision and support to take up the admit offer from UPTU. Can't thank her enough for her intuition as this was one of the best decisions of my life. GNIOT gave me the personal and professional growth needed to succeed. The faculty, the power of experiment, and friends for life were all one big package gift for the rest of life and career. My first job at IBM through campus was very special and positioned me for growth. Thank you all at GNIOT family and all the best for taking the institute to greater heights..."

Deepak Sharma
Alumnus 2008, IT
Service Delivery Coordinator
DXC Technology, Noida

"Finding the right path to success at the right time is really very important and for that I had selected GNIOT in 2004. This college had and still does have a fantastic reputation for its academics, I believe it was the best place for me to develop academically and culturally and at the same time it offered me opportunities to grow as a person. With the blessings of the GNIOT family, I was able to crack campus placement and today I work for an MNC. It's GNIOT's environment that gave me the confidence to be able to communicate and work with people having so many diverse cultures and working in different parts of the world. I believe the academic staff of GNIOT were a big influence in my life and helped me to shape into the person I am today. A big thanks to the GNIOT family and especially to the CSE and IT department..."

"The experience at GNIT was very enriching. The availability of Professor's, the community of learners and endless opportunities for innovations were the main highlights of the program. I learned much about myself in college, which helped me prepare for professional career and adapt emotional intelligence..."

Roshan Kumar Poddar
Alumnus 2020-MCA
IT Engineer at BPCL

"It gives me great pleasure to say with pride that I have completed my MCA from GNIOT Group of Institutions. I truly appreciate every single learning experience at the college. The professors here push you to utilize your knowledge so you can deeply understand not just memorize. The relationship between faculty and students is very cordial, which gave me an opportunity to excel in my studies. The time spent here was splendid and has helped me to grow better professionally & personally. I would like to thank all the faculty and staff for making me a "Better Person"..."

Mr. Pawan Kumar
Alumnus B.Tech. CSE-2011

"I find myself fortunate to be an integral part of GNIOT as a learner. The exceptional program and teaching methodologies backed by practical skills and professional interface have given me the confidence to pursue my career ahead. The striving efforts of facilitators are beyond words. The teaching pedagogy was encouraging, supportive, and motivational contributing significantly to my successful career. The dedication of the entire teaching and non-teaching staff to the development of the college and the students is really admirable. I certainly cannot miss a chance to appreciate the GNIOT management for being remarkably professional in aiding and supervising the success of our academic excellence.

Aashis Kumar Singh
Alumnus 2012, ECE
Examiner of Patents and Design (Ministry of Commerce and Industry).

"GNIOT is one of the the oldest Institutions of Greater Noida which is continuously changing its infrastructure with recent demands of Engineers. In simple words I would like to say that this college provides a perfect platform to young mind for private job through its dedicated placement cell as well as government job through the counseling of its highly experience faculty members. I am very thankful to all members of GNIOT who continuously guided me during my preparations. I have great respect for my HOD and faculty members..."

"College is one of the most memorable parts of a student's life. I will always be grateful to GNIOT for giving me an exceptional faculty, industry experience, attitude of leadership, memories and a tranquil mindset to face the next set of challenges in life. One of the greatest things about any college is their faculty and GNIOT has a great faculty who all have a great teaching experience and they welcome new ideas and innovations, especially if I talk about mechanical engineering. I truly believe GNIOT has given me a path to be an engineer with maximum amount of opportunities for placements and here I am trying to carry forward the legacy of our college by being a marine engineer, a job one dreams of. I am thankful to the alma mater for the creation of favourable conditions for successful personal as well as professional growth..."

Mr. Sumit Kumar Arya
Alumnus B.Tech (CE-2016)
Deputy SP, Patna

"Greetings to all, especially to those connected to this esteemed academic institution. The most memorable times in a person's life, in my opinion, are when they are in college because they allow them to fully express their imagination. You are enthusiastic, ardent, idealistic, and young. These are the things that motivate people to take risks and pursue the path of success. My time in college was devoted to experimenting and enjoying life. I learned how to perform well under pressure as a result of the college's demanding examination schedule. Consistently, performing under pressure inspired confidence in my talents. Later, it developed into a habit. These factors actually gave me a significant impact on my personality and also encouraged me to believe in myself to clear the Civil Service exam..."
